# INDEX for The GAZETTEER OF FLYING SITES IN THE UK AND IRELAND 1912-1920

Gazetteer by Mick Davis & Bill Morgan

### Gazetteer of Flying Sites

Data given in tabulations has been included separately and indexed by page number. The conventional alphabetical arrangement has been adhered to, rather than presenting sites by function. The names used are the final ones given. Page numbers are given for site plans in **bold** and photos in *blue italic*, photos given priority. The index lists the aerodromes and the hundreds of Site Plans, Photographs, Landing Grounds, Aeroplane Sheds and Hangar sites that were used by the Squadrons & Units in the UK and Ireland 1912-1920. It is an attempt to catalogue the sites that were used by the flying services, manufacturers and civilian schools that supplied the flying services and to trace the movements of service units occupying those sites.
